Don--

A few additional edits on the cover letter. No additional edits on the decision doc for me. Looks good.

Thanks, Jayne.

I agree with your revisions and have responded to your comments. I will keep clean updates with these revisions, but will refrain from sending them out until I am certain I have heard from everyone about these drafts.

I also agree that we should try to use end-of-2014 numbers for the OSDS rationale. This means that I (or someone else) will need to work with Oregon early in the new year to get those numbers.

All,

Attached are my deliverables from Jayne's task list below\*. Note my question/comment in the attached draft letter about which EPA staff contact we should provide (Jayne or me). As for the interim decision document and rationales, I do not believe it needs a foreword, as the transmittal letter includes the necessary caveats. This format is also consistent with what we provided Oregon in our previous interim decision document (in 2004).

I will be happy to coordinate any edits/comments from any of you. Note that I will be out of the office until Friday, 11/21.

●□□□□□□□□ \*Don will draft interim approvals for OSDS and New Development (cover letter and attachment with the rationales) by Nov 14.
